The institute of conventional release on parole of being punished has an unclear regulatory field.” There is no certitude in that institute. Types of exemption from liability have their place in the common part of Criminal Code. But they do not work.

They are real, they exist, but they do not act in the practice.-pointed advocate Armine Fanyan. According to Armin this fact is due to the punitive policy. We are post-Soviet country, and we inherited that punitive policies and we do not like exemption from liability”-pointed the advocate.
